[1] Some features, including mobile alerts, remote control and custom schedules, require the Nest app, working internet and Wi-Fi, and Nest Connect or Nest Guard. Notifications are provided for convenience and should not replace ordinary care in locking your door.

[2] Some features, including mobile notifications, remote control, video streaming and video recording, require working internet and Wi-Fi. Nest Aware subscription may be required (sold separately).

[3] Google Assistant requires a Google Account.

[4] Home size, materials and layout can affect how Wi-Fi signal travels. Larger homes or homes with thicker walls or long, narrow layouts may need extra Wifi points for full coverage. Strength and speed of signal will also depend on your internet provider.

[5] Products under Lighting, Security & Awareness, Comfort & Control, and Entertainment & Connectivity meet Google's compatibility standards. Google is not responsible for the operation of these products or their compliance with any applicable safety or other requirements. Learn more at g.co/madeforgoogle.

[*] Google does not perform your Pro installation and has no responsibility or liability for the installation. We partner with Handy and OnTech, who are independent of Google. Handy is a platform for home services that connects individuals to professional installation partners, including OnTech, who will install your Google Nest Products. The professional installer connected to you is not an employee, subcontractor, or agent of Google. For your convenience you can pay for your installation through Google Store, but Google accepts the payment on behalf of Handy, whose network of licensed installers perform the installation.
